Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Additional Information

For further information regarding the data elements and terms used in the SARC see the 2013-14 Academic Performance Index Reports Information Guide located on the CDE API Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

School Description and Mission Statement- Most Recent Year

Roberts Ferry School has distinguished itself for its nurturing and supportive environment and academic achievement. This small, rural school has a tradition of pride in serving the “total” student and their families. Challenges in the coming year include maintaining and improving upon this tradition of student learning in a supportive environment. A charter school has been established in the district in an attempt to expand your student’s educational options. A facilities modernization has been completed. The district has completed a major new growth project that includes a library, additional classroom space, new playground equipment and landing surface, as well as new paving on its playground and parking lot.

School Facility Conditions and Planned Improvements - Most Recent Year

The district makes a great effort to ensure our school is clean, safe and functional. To assist in the effort, the district uses a facility survey instrument developed by the State of California Office of Public School construction, in keeping with the Williams Legislation of 2004. This instrument provides specific information on the condition of the school and the efforts made to ensure our students are provided with a clean, safe, and functional learning environment. On a quarterly basis, the district submits a Williams Settlement Uniform Complaint Report to the County Office of Education. To this date, no facilities complaint has ever been filed with the district. Roberts Ferry School has six classrooms, a multipurpose room, library, cafeteria and administrative office. The school opened in 1919 in a schoolhouse that was replaced with a new building in 1976. An additional building was constructed in 1986. Two portable classrooms were constructed in 1996. In 2012 a major new building project was completed and includes a new library and three added classrooms and storage. District maintenance staff ensures the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and emergency repairs are given the highest priority. The principal works with the custodian to develop cleaning schedules to ensure a clean and safe school. The district participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. These facilities were brought up-to-date in 2011. Architectural planning and construction of a new building was completed in 2012-2013. The building consists of a library, auxiliary classroom, and storage area.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement - Most Recent Year

Roberts Ferry School benefits from the many supportive parents that participate in school wide events. The school has a strong base of parent volunteers that assist in their children's classrooms. Parents are also welcome to join the Parent/Teacher Club and School Site Council. For information about getting involved at Roberts Ferry School, please contact George Johnson, district superintendent/principal, at (209) 874-2331.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan - Most Recent Year

Roberts Ferry School is always in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The School Site Safety Plan is reviewed on a regular basis by the School Safety Committee and will be updated by the School Site Council each year. All revisions are communicated to the classified and certificated staff. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire and disaster drills are conducted on a regular basis throughout the school year. Lockdown drills are held once a year. Students are supervised before and after school by certificated staff and by classified staff during lunch and break periods. There is a designated area for student drop off and pick up. Visitors are to check in at the school office.
